TRANSMITTAL OF INFORMATION DISCLOSURE STATEMENT

Dear Sir:

Transmitted herewith is an Information Disclosure Statement disclosing information which has come to the attention of applicant and/or his attorneys and is being submitted so as to comply with the duty of disclosure set forth in 37 C.F.R. § 1.56. In accordance with 37 C.F.R. § 1.97(b), the enclosed Statement is being filed within three (3) months of the filing date of the above-identified application or before the mailing date of a first Action on the merits.

Neither applicant nor his attorneys make any representation that any information disclosed herein may be "prior art" within the meaning of that term under 35 U.S.C. § 102 or § 103. Moreover, pursuant to 37 C.F.R. § 1.97, the filing of this Information Disclosure Statement

shall not be construed as a representation that a search has been made or as an admission that the information cited herein is, or is considered to be, material to patentability as defined in 37 C.F.R. § 1.56(b).

In accordance with 37 C.F.R. § 1.98, transmitted herewith are:

1. A completed copy of Form PTO/SB/08a "Information Disclosure Statement by Applicant" listing the patents, publications and other information being submitted for consideration; and
2. A legible copy of each patent, publication and other item of information in written form listed on the enclosed Form PTO/SB/08a, except for copies of U.S. patents and published U.S. patent applications which are not required for applications filed after June 30, 2003.

As this application was filed after June 30, 2003, copies of the U.S. patents and published U.S. patent applications listed on the enclosed Form PTO/SB/08a are not required and, therefore, not included herewith.

NON-ENGLISH INFORMATION

Pursuant to 37 C.F.R. § 1.98, following is a concise explanation of the relevance (as it is presently understood by the individual designated in 37 C.F.R. § 1.56(c) most knowledgeable about the content of the information), of each listed patent, publication or other information that is not in the English language:

1. Chinese Patent Application No. 1313552 published September 19, 2001 discloses: A PDA system with the function of unidirectional communication and bidirectional transmission is composed of a unidirectional communication module and a bidirectional transmission module. It can receive the signals from service provider and execute the bidirectional signal transmission between said PDA system and peripheral electronic appliances. The CPU can be used for processing said data to be transmitted. A bluetooth module can be used in said bidirectional transmission module for controlling the peripheral electronic appliances containing transmission chip, or for unloading program or data by relative electronic devices.

2. Chinese Patent Application No. 1272741 published November 8, 2000 discloses: The present invention provides a handset capable of connecting with external keyboard. It is characterized by utilizing external-connected keyboard to implement data input operation on handset, and between the handset and keyboard the signal can be transferred by means of connecting device or infrared ray, and its keyboards can be general one or miniature special-purpose keyboard specially-designed for said invention. Said invention can make handset possess powerful function, more convenient input mode and practicality.

Respectfully submitted,
